

## The Fuel consumption of DLE120 with Carburetor and EFI

TEST NUMBER: 201503100001

Engine Model: DLE120

Engine Id: DLE120

Carburetor: DLE120

Oil Model: Total 2T

Fuel Temp: 27°C

Manufactory: DLE

Client: ECOTRONS LLC

DYNO.MODEL: AC Electric Dynamometer

Remark: The fuel consumption of DLE120 is in different stable RPM. We can see the fuel is saved about 30%, even 50% in 4000RPM than carburetor
